Expanscience Laboratoires

Cosmetic actives and high-quality sensorial ingredients.

Passioline®
Maracuja (passionfruit) oleodistillate rich in unsaponifiables for repairing, remodeling and soothing
Ormesia®
Maracuja polyphenols for anti-pollution, detoxifying and self-defense mechanism boosters
5 α-Avocuta®
Avocado oil esters to regulate skin/hair sebum
α - Lupaline®
Wheat germ oleodistillate rich in unsaponifiables and lupin oil for antioxidant, antiaging and sun care

Expanscience Laboratoires – continued

Actimp® Liquid / Actimp® Powder Bio
Lupine peptides for antiaging, photo and chronoaging and anti-sagging
Aqualicia®
Acacia macrostachya peptides and sugars for active cellular hydration and internal water flow balance
Collageneer®
Lupine extract for anti-aging, firming and contour remodeling
Effipulp®
Avocado peptides for antiaging, detoxifying and plumping
Hierogaline®
Wheat germ oleodistillate and sesame oleodistillate rich in unsaponifiables for antiaging and antiradical
Macaline®
Maca polyphenols for slimming, draining and firming
Neurovity®
Vitex negundo polyphenols for antiaging, dark spot corrector and brightening/whitening
Pixalia®
Cleome gynandra polyphenols for regulating sebum, purifying and soothing
Sesaline® Bio
Sesame oleodistillate rich in unsaponifiables for anti-aging, antiradical and antioxidant
Skinergium® 2 / Skinergium® Bio
Maca peptides and sugars for anti-wrinkle, brightening/lightening and skin radiance
Soline®
Sunflower oleodistillate rich in unsaponifiables for lipid replenishing, soothing and barrier strengthening
Sweetone®
Schizandra peptides and sugars for correcting imperfection, soothing and brightening/lightening
Sensorial Ingredients
Virgin maracuja oil, virgin prunus oil, avocado oil, capuacu butter, lupin oil, andiroba oil, avocado powder and cherry powder

Grain Processing Corporation

MALTRIN® Maltodextrins/Corn Syrup Solids

Nanovetores Technology S.A.

Nano and micro encapsulated active ingredients for cosmetic applications, encapsulated in lipid or biopolymer particles, with prolonged release through five specific triggers.

Nano Hydroxy Acids
Glycolic acid, lactic acid, citric acid, licorice extract and oat oil for whitening

Continued

Nanovetores Technology S.A – continued

- Nano Oil Control
Essential oils of rosemary, sage, mint, pumpkin, chamomile seed oils and d-panthenol for oil control
- Nano Up Lift
Hyaluronic acid and nanoparticles covered with Acacia Senegal for anti-aging and wrinkle filling
- Nanovetor DMAE
Dimethylaminoethanol bitartrate for anti-aging and wrinkle reducer
- Nanovetor Melaleuca
Melaleuca essential oil for acne treatment
- Nanovetor Vitamin C
Ascorbyl palmitate and pomegranate oil for whitening and anti-aging
- Nano Eyelashes
Jojoba extract for strengthening and growing new eyelashes and eyebrows
- Nano Liss
Onion extract, urea and glycerin for hair remodeler, frizz control, shine, increased capillary mass
- Nano T-Growth Hair
Extracts of licorice, ginseng, black cumin, black pepper, burdock, B vitamins and amino acids for stimulating hair growth
- Nano 3C
Safflower oil, coconut and clove for reducing skin flaccidity and undulation
- Nano Body Lift
Essential oils of mint, piperita and palmarosa, green tea oil, coconut extract and soy protein for body firmness
- Nano Cellulitech
Caffeine, green tea oil, arnica montana oil and essential oil of palmarosa for the treatment of gynoid lipodystrophy and reducing lipogenesis
- Nano Relief
Essential oils of sweet betula and vetiver for muscle pain relief
- Nano Repellent
Essential citronella oil and andiroba oil for mosquito repellent
- Nano Nails
Essential oils of lemongrass, melaleuca and cloves for strengthening nails and cuticles

No Scent™

- Odor Control
Completely eliminates odor causing bacteria
All-natural human probiotic in spore form
Contains no harmful cleansers or enzymatics
